## PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with 1.5+ years of hands-on experience in database design, ETL processes, and building interactive BI dashboards. Proficient in optimizing SQL databases, writing complex queries, and constructing analytical dashboards using Power BI and Python. Proven track record in leveraging analytics to normalize business database records, perform competitor benchmarking, and drive a +25% sales growth.

## TECHNICAL SKILLS

- **Querying & Databases:** SQL (PostgreSQL, MySQL, SQLite), Power Query
- **BI & Visualization:** Power BI, DAX, Excel (Advanced), Matplotlib, Seaborn
- **Python Programming:** Pandas, NumPy
- **Data Methodologies:** ETL, Data Normalization, Star Schema, Dimensional Modeling, A/B Testing
- **Tools & Control:** Git, GitHub

## PROFESSIONAL EXPERIENCE

### National Telecommunication Institute (NTI)

Feb 2026 – Present

#### Internship Data Analyst

- Completed a 120-hour intensive data analytics training program, focusing on SQL queries, data warehousing, and BI reporting.
- Delivered 3+ end-to-end analytical projects using SQL, Power BI, Excel, and Python to analyze, visualize, and interpret business data.
- Collaborated within a professional team environment to present analytical insights and support business-oriented decision making

### So Care

Jan 2026 – Present

#### Marketing Data Analyst

- Managed and optimized performance marketing campaigns, contributing to a +250% increase in total revenue through campaign and audience optimization.
- Developed content strategies and produced 30+ marketing creatives and reel concepts to improve engagement and campaign performance.
- Collaborated between media buying and creative execution to align marketing content with conversion and performance goals

### Digital Egypt Pioneers Initiative (DEPI)

Jul 2025 – Dec 2025

#### Digital Marketing & Analytics Intern

- Completed a 400-hour professional training program focused on digital marketing strategy, performance marketing, and SOSTAC planning.
- Conducted marketing audits and growth optimization analysis to identify conversion bottlenecks and performance opportunities across multiple brands.
- Built and optimized paid campaigns across Meta, TikTok, LinkedIn, and Snapchat using audience targeting and budget allocation techniques.
- Applied SEO best practices and on-page optimization strategies for technology and hardware-related marketing projects
